ABOUT

I am a freelancer web programmer for 3 years, and turning the design ideas to real web application is what I do. I fall inlove with the designs, it gives the world a brightful colors so I take the step and explore the beauty of UI/UX and Graphic Design.

I also make 3D arts using blender sometimes, PSD design to code conversion and other programming-related works in my free time, it makes me boosts my creativity, sharpness of mind, and logical thinking.
